4th EDITION OF MONTREAL ELECTRIC AND HYBRID VEHICLE SHOW

7. MOVE-OUT SCHEDULE

Sunday June 14: 5 p.m. to 11 p.m.
Monday June 15: 7 a.m. to 12 p.m.

All stands must remain set-up until the official closing of the Show. Please plan your travel schedule accordingly. The aisles must be free of any object and until the removal of the carpet aisles (around 17:30). The return of your boxes will begin immediately after carpet removal. Exhibitors are requested to keep their stock within the limits of the space and not in the aisles. The rules regarding the dismantling will be handed to you on Sunday June 14th by the technical team.

IMPORTANT: All your stock must have left exhibit hall no later than Monday, June 15 at 12:00. After this period, all material will be picked up, handling and warehousing fees will be charged.

8. DISPLAY REGULATIONS (SERVITUDE OF RIGHT OF VIEW)

The regulations of presentation exist since the beginning of the trade fairs. The principle governing the management of all exhibitions can be summarized as follows:

"All exhibitors are equal, regardless of the size of their booth, and must have the same opportunities, within reason, to present their products to the public in the most efficient way possible."

Exhibit managers must establish rules or guidelines to this end, while allowing every exhibitor the greatest possible flexibility. You are our customers and we wish you success. One can summarize as follows the responsibility of the exhibitor, which boils down to little: "Be a good neighbor".

Definition of a basic stand:
A booth dimension have an area of 100 square feet (9 square metres): 10 feet x 10 feet (3 m x 3 m) or a multiple of the dimension.

Depth:
All accessories over 4 '/ 1.22m high placed less than 10 linear feet / 3.05m from another stand must be installed within the 5' / 1.52m area from the back line of the space allocated to the exhibitor.
Goal:
Each exhibitor is entitled to a reasonable line of sight from the aisle, regardless of the size of their stand. Exhibitors who use a larger space (30 linear feet / 9.14m or more) must also be able to use as much space as possible, provided they do not infringe the rights of other exhibitors. The limit imposed on accessories over 4 '/ 1.22m placed at less than 10 linear feet / 3.05m from another stand is intended to enforce these two rights.

Height:
The maximum height of the stands is 8 '/ 2.44m.

Objective:
Any part of a stand higher than the bottom of another 8 '/ 2.44m stand, reduces the overall effect of the exhibition elements placed directly behind it, regardless of the finish of its rear part.

Peninsula stand definition
The peninsula stand normally faces the cross aisle. The parts of the stand located along another stand must be finished and have no identifying sign or other text likely to harm the neighboring stand.

Depth:
All accessories exceeding 4 '/ 1.22m in height and placed less than 10 linear feet / 3.05m from another stand must be placed in the 5' / 1.52m area from the line of sight to the neighboring stand from the driveway.

Objective:
Exhibitors whose stand is adjacent to a peninsula stand are entitled to the same reasonable line of sight from the aisle as if they were placed next to an ordinary stand.

Island:
Not any restriction for this style of stand.

9. STORAGE, EMPTY BOXES AND OTHER CONTAINERS
The storage of your boxes to be recovered will be done without expenses. To do this, boxes and crates must be identified and placed in the aisles where they will be picked by our staff. Go to get the storage tags from our staff. Unidentified boxes will be considered scrap.
10. BOOTH ATTENDANCE
Exhibitors must ensure a continuous presence at their booth during Exhibition hours. In addition, no assembly or dismantling will be allowed during the opening period of the Fair, from June 12 to June 14, 2020. Any modification of the stand must be authorized by the promoter.

11. SIZE BOOTH
A booth dimension is an area of 100 square feet (9 square metres): 10 feet x 10 feet (3 m x 3 m) or a multiple of the dimension.
